

Software: ( <https://njwss.com/download/Boa/Wired-Camera/IPWizardIII.zip> )

The screenshot displays the IPWizardIII\_2.1.1 software interface. At the top, there are two tabs: "Device Browse" and "Device upgrades". Below the tabs is a table with the following data:

number	Device type	IP address	Subnet mask	gateway	Video port	Http port	RTSP port	MAC Address	Software version
0	IPC	192.168.0.238	255.255.255.0	192.168.0.2	90	80	554	00-2A-2A-24-AC-06	1.4.10.0
1	IPC	192.168.0.174	255.255.255.0	192.168.0.2	90	80	554	00-2A-2A-29-60-72	1.4.10.0
2	IPC	192.168.0.245	255.255.255.0	192.168.0.1	90	80	554	00-2A-2A-12-81-13	1.4.10.0

Below the table, there are three main sections for configuration:

- Equipment information:** Includes fields for MAC Address (00-2A-2A-29-60-72), Verification Code, and Authorization code. There are buttons for "Get", "Clear Passwords", and "Restart".
- Equipment network information:** Includes fields for Device IP (192.168.0.174), Gateway (192.168.0.2), and Subnet mask (255.255.255.0). There is a "Modify network" button.
- Equipment port information:** Includes fields for Video port (90), rtsp port (554), and http port (80). There is a "Modify the port" button.

A "search" button is circled in red on the right side of the interface. Red arrows point to the "Device IP" field and the "Modify network" button.
